

Massif Dining Set

neighbor

Description

The Massif Dining Set is a modern outdoor concrete dining table and bench set inspired by the timeless utility of the picnic table. Constructed from lightweight composite materials with a concrete finish, it combines substantial presence with everyday practicality. Clean lines, generous proportions, and integrated benches create a simple, durable gathering place designed for outdoor living. Concrete never felt this inviting.

Materials & Specifications

- Lightweight concrete composite construction (polyester resin, fiberglass, and stone powder)
- Matte white finish
- Stainless steel hardware
