

Take Two Bistro Chair

neighbor

Description

Meet Take Two, a folding outdoor dining chair that gets the basics right. It's compact, easy to move, and works in small spaces.

Bent steel, a durable powder-coated finish, perforated panels, and angled legs give it a more grounded feel than most. The seat and back stay open and breathable, without the need for cushions. Available in five bold colors. Built durable enough for commercial settings, without feeling out of place at home.

Materials & Specifications

- Galvanized steel frame with powder-coated finish
- Perforated steel tabletop
- Blackened 304 stainless steel
- Plastic glides
