

Up Down Ottoman

neighbor

Description

Designed to pair seamlessly with the chair, the Up Down Ottoman brings the same responsive comfort underfoot. Built without cushions, it combines a powder-coated aluminum frame with a fade-resistant Sunbrella® stretch strap to create a surface that flexes slightly and supports evenly. It's soft where it should be, structured where it matters.

Materials & Specifications

- Powder-coated aluminum frame
- Sunbrella® stretch strap
- Adjustable feet for leveling on uneven surfaces
