

Workaround Corner

neighbor

Description

The Workaround Corner is where configurations take shape. It connects two runs of the system at a right angle, anchoring L-shaped sectionals and U-shaped lounges, or it works as a standalone seat in any setting. The cushion back keeps it clean and versatile. The planter back turns the corner into something more—a privacy screen, a living boundary that defines the space from the inside out. The same Sunbrella® fabric, the same quick-dry foam, the same low-profile aluminum frame throughout.
