

Workaround Sofa

neighbor

Description

The Workaround Sofa holds its own as a standalone seat or anchors any modular configuration, with room for up to three and a low-profile frame built for any setting. The cushion back keeps it clean and versatile. The planter back adds a layer—a privacy screen, a zone edge, a living backdrop that changes the character of the space around it. Built to last with Sunbrella® fabric, quick-dry reticulated open-cell foam, and powder-coated aluminum frame. And two throw pillows—for a touch of extra comfort and support right where you need it.
